The Sonoma Index-Tribune

VOL. XXXXI — SONOMA, SONOMA COUNTY, CAL., MARCH 8, 1919 — NO. 27

TO VOTE ON BONDING COUNTY FOR PERMANENT SYSTEM OF ROADS MAY 20

SUPERVISORS DECIDE ON $1,600,000 ELECTION AND WHIRLWIND CAMPAIGN WILL ENSUE. TAX PAYERS ASSOCIATION PROMISE CONVINCING ARGUMENTS AND PREDICT BONDS WILL CARRY.

The Supervisors in session Tuesday decided to call a bond election for the proposition of bonding Sonoma county fr $1,600,000 for the construction of a permanent system of highways throughout the county. The date of the election will be May 20th and a whirlwind campaign is predicted with many converts to the modern program and method of assuming it. The action of the supervisors was taken after exhaustive inquiry and demand from every section that the proposition be submitted to our voters.

An advisory committee reported as follows:

"The committee recommends that the Board of Supervisors of Sonoma County adopt the road report of Senior Highways Engineer W. H. Lynch, except that the estimates for bridges, the Sonoma-Santa Rosa road, which is to be included in the State bond issue, and such asphaltic roads, recently constructed and having several years of wear, be eliminateed.

Be it further recommended, That the Board of Supervisors call a special election to vote bonds for the sum of $1,600,000 with which to build this system of roads.

Be it further recommended, That the denominations of the bonds be $100, $500 and $1,000; that the rate of interest be 5 per cent per annum, payable semi-annually, and the maximum term of thirty years duration."

The resolution as given above, which is fully interpreted by the revised summary of the proposed road work, together with the class and style of roads to be constructed, which will link up the entire county and provide connection between all the cities and towns as well as the entire coast ssection, was unanimously adopted by the Board of Supervisors

Highway Engineer Lynch submitted a supplementary report with the table of mileage and the cost as given below. In his report Mr. Lynch said:

"The revision of the county road system recommended in the original reports is brought about by the prospective transfer of the Santa Rosa-Sonoma road and the Sonoma-Napa county line roads to the State highway system. The County will be relieved of the cost of building these roads, which will be bourne by the State from the proposed bond issue.

"A further reduction was made in the mileage by excluding about thirteen miles of oil macadam road built by direct tax during the past few years, and which will meet the requirements of the traffic for some time, if properly maintained."

That there might not be any reason for complaint on the score of proper handling of the road construction work the advisory committee held a conference after the board had placed itself on record as favoring the calling of an election to submit a bond issue and adopted the following which was presented to the supervisors:

"It is the sense of this committee that the board take up the matter of a highway engineer with the surveyor of the county to the end that a highway engineer, approved by the Federal Office of Public Roads Highway Engineering, be appointed as an assistant in his office to have full charge of road-building."

The original survey and plan of the Federal Engineer ran the cost of the new road program over the two million mark, but by eliminating $500,000 for bridges, retaining some of the best oil macadam road and shifting the building of a class A highway from Schellville to Santa Rosa to the state budget, the amount was cut to the limit allowable under the present valuation, without an arbitrary inflation of assessments which was suggested as a means to raise the original amount.

Sonoma valley in the revised plan must look to the state for the Schellville-Santa Rosa road and the wiseacres at Sacramento say it is sure to pass. It is believed that the big appropriation for various important pieces of road work throughout the state is assured. If by any chance we do not get this important road through state aid, Sonoma valley should insist on being on the county bond program. The only road or permanent highway assured Sonoma now, is the Petaluma road, part of which will be a Class A and the rest, Class B. We need this improvements badly and will welcome a better connection with our thriving neighbor, the poultry center of Sonoma county, but we do not want to be done out of the connectin with our county seat and in the event the state does not appropriate the money asked for this project, Sonoma should appeal to the supervisors for revision of the present county bonding plans. Sonoma valley's vote on the proposition will be contingent upon this section being provided with the high type permanent improvements which will be put in all over the rest of the county

F. T. Duhring, who was one of the advisory committee, says that there was not the slightest intent on the part of the Supervisors or their confreres, to give Sonoma Valley the short end of it, as it is confidently expected that the state will build the Schellville-Santa Rosa unit, which all agree is a very important link and artery. Mr. Duhring started out to try and get two good roads, one from Lowells and one from Schellville, suggesting that the state follow the former connection to Santa Rosa and that the county concrete the road from the Akers corner to Sonomas city limits. His colleagues, however, suppressed our fellow citizen's enthusiasm in these directions so he had to adhere to the Federal Engineers plan. Mr. Duhring says the bonds will run for 30 years and will be 5 per cent bonds of small denomination. They should prove attractive to small investors and he predicts that with the Tax-Payers Association and 6000 automobile owners in Sonoma County, as the nucleus of a big boosters contingent, the bond proposition should win out with a flattering majority.

NAME OF ROAD	Class A	Class B	Class C	Est. Cost.
Petaluma—Valley Ford	14.7	.....	.....	$ 265,000

WANTS COME TO LIGHT AT MEETING

City Trustees Give Serious Consideration To Many Problems of Town Welfare.

Wanted—A Poundmaster; Wanted—An Industructable Street; Wanted—A Mail Carrier; Wanted—A Tax On All Batchelors; Wanted—Our Bills Paid.

There are just a few of the wants which were voiced at the interesting March session of the City Trustees of Sonoma Wednesday evening. The dove of peace and harmony perched upon the rail of the council chambers and there was not a rift in the lute to re-echo the official family disturbance of last month.

Among the needs of the municipality it appears that a Poundmaster is a very necessary adjunct, as liye stock and unlicensed dogs roam our streets and complaints are frequent. No one however seems to want the official job of dog-catcher and round-up-star so it is going a' begging.

The crying need of the session was better streets, and voicing an opinion as to improvement of the block between Ist. St. East and 2nd. St. East came a committee of property owners of whom F. T. Duhring was spokesman. He asked the city fathers that a permanent type of street be put in for which the property owners of that block would pay half. The Board's street committee seemed favorably disposed and at an adjourned meeting last night confered with I. Brusky as to the cost of crushed rock. Several types of good streets will be considered and it looks as though some of the $4,000 now in the city treasurary will go into this permanent improvement. It is the first instance where property owners have signified their willingness and voluntarily asked for better street work. A former Board, took the initiative and built a block or two of concrete on the city's side of the thoroughfare but the property owners never did "come through" with their half and the street today is the laughing stock of the public and a testimonial to a Board too far ahead of the times. That Sonoma citizens are catching up however now becomes apparent.

A mail carrier for Sonoma city will make us believe we are really getting very metropolitan and Postmaster Wagnon has advised the Board that we are entitled to one as the local office has been doing over $5,000 worth of business for the past four years. The city must furnish a map of the streets and see that numbers are put on the houses thereon. Uncle Sam will do the rest

With over $600 deficit facing the city with the passing of the saloon license revenue in July, the town wants to devise means to make up the shortage in funds. City trustee Beretta suggests that all batchelors be taxed, which is an old formula, but a good one.

In with all the other wants of last Wednesday's session was the usual bills to be paid with some regular ones missing because the clamants were out of town and overlooked their chance at the town exchequer.

Bills paid were as follows:

F. Canevari, janitor,	$ 7.50
S. V. W. L. Power Co.,	6.42
H. W. Gottenberg, salary,	15.00
J. H. Albertson, salary,	16.80
R. Quartaroli,	55.50

$600 was appropriated for the Library fund.

Special licenses were granted John Steiner and Jack Valente for March 17th.

Julius Fochetti was granted a permit to erect a gasoline tank.

LONDON RANCH STOCK AT SHORTHORN SALE

The Jack London ranch, of which Mrs. Eliza Shepard is superintendent, is to enter seven head of its prize stock at the Shorthorn Breeders auction sale at Davis. The stock to be sold includes the Grand Champion Bull, a two year old son by this noted Sire, and five heifers.

The London ranch has a lot of fine stock and the shipment to Davis will be good advertising for the high class short horn representatives of this section.

MRS. P. L. McGILL PASSES AWAY

Expires Suddenly in Buggy On Way To Sonoma With Her Grand-daughter.

The community received a sad shock on Monday when it become known that Mrs. P. L. McGill, esteemed mother of Geo. and Frank Mc Gill and a pioneer resident of Sonoma Valley had died very suddenly while riding up town with her grand daughter, Miss Myrtle Hardy. Mrs. Mc. Gill expired in the buggy near Vineburg and heart failure is conceded to have been the cause of her demise. Her grand-daughter perceiving that something unusual was the matter hastily drove to Vineburg station and from there summoned Dr. Hays. Meanwhile friends and neighbors tried restorative measures hoping to revive the stricken woman but without success. The physician upon his arrival pronounced her beyond all help and was if the opinion that death immediately followed the heart attack while she was riding along the county road.

Mrs. McGill was a native of England, aged 81 years, 5 months and 3 days. She was a remarkable woman for her years and not long ago made a trip to Canada to visit her folks there. She made the trip alone and enjoyed it immensely.

She was the widow of the late P. L. McGill, who was superintendent for Senator Jones on his ranch near here for ten years. McGill station, on the Northwestern, is named for him. The McGills' resided here for 44 years and here reared their family, one son and a daughter, Mabel, having preceded the good mother to the Great Beyond several years ago. Two younger sons, George, a successful rancher of this section, and Frank, a trusted railroad employee, survive her. Both are prominent in local fraternal orders, Frank being the master mason of Sonoma Lodge, F. A. M., and George McGill, grand trustee and installing officer of the Native Sons. A granddaughter, Miss Myrtle Hardy, is past president of the Sonoma Parlor of Native Daughters. Of her family Mrs. McGill was very proud and despite her years was always interested in their activities and acheivements. She was present at the recent reception to the soldier boys at the Womans clubhose and was there greeting old friends and acquaintances with all her old time cordiality and cheer. Endowed with a very pleasant personality and kind hearted attitude toward everyone, she lived a truly Christian life and was respected by all who knew her.

The funeral took place Thursday at 2 p. m. from the family home near Vineburg and many were the tears shed at her passing and many were the beautiful flowers which marked her last resting place in Mountain cemetery.

Besides her sons and granddaughter she leaves a niece, Mrs. R. B. Thomas of this place, a brother, Abram Mill, and a sister, Mrs. J. Lancaster, who reside near Toronto, Canada. Stanley McGill of Schellville is also a grandson of the deceased.

HAZEN COWAN COMMENDED BY GENERAL PERSHING

Jim Cowan has received word from his son Hazen, who is still in France, that the date of his return to old Sonoma is still in the remote future. He also states that he has a personal letter from General Pershing, commending him for bravery and gallant service as a dispatch carrier, written in the general's own hand, that he prizes too highly to commit to the mails to send home. The experienced horsemanship gained in riding the defiles of the Jack London ranch has stood him in good stead for the hard labors of the night work at the front. He also reports to the home people that while he has had some very thrilling experiences, as yet he hadn't received a scratch.

Mr. and Mrs. Tony Marcucci and pretty children of Schellville, were vvisiting in San Francisco this week. Mrs. Marcucci and the little girls remained several days.

Mrs. Agnes Ryland will entertain the Congregational Ladies on Tuesday, March the 11th.

TATE RANCH SALE CONSUMMATED

Big Realty Deal Made In Purchase Of 300 Acre Ranch By Acquistapace Bros. For a Dairy.

The sale of the 300 acre ranch of Jas. F. Tate which has been pending and is one of the biggest realty deals made here for a long time was consummated this week through the agency of L. Mouyer & Co. of El Verano. The purchasers are the well known Acquistapace brothers, dairymen, one of whom has been the leasee of the P. I. Co. ranch in El Verano

The Tate ranch is one of the finest pieces of property in Sonoma Valley and is situated south of town on the Petaluma road. A portion of it borders Sonoma Creek and is rich and productive land, 35 acres of it having been planted last year to tomatoes. The remainder of the level acreage has always yielded fine crops and with grazing land will make an ideal dairy.

The Acquistapace brothers plan a large modern dairy plant and will stock the ranch with the best herds obtainable. One of the brothers was connected with the Victor Sartori ranch at Fairville and also at Yuba City. Mr. A. Acquistapace was formerly connected with the State Home dairy.

The price paid for the fine property is said to be about $50,000.

Mr. and Mrs. Tate have not made definite plans in regard to the future and before so doing will probably make a trip to Southern California to see Mr. Tate's father, Frank Tate who reckons his age close to 100 years. Frank Tate bought the property just sold in 1871.

Mr. and Mrs. Deacon of the London ranch are moving to Lake county where they will engage in the dairy business.

Mrs. A. M. Thomson has been the guest of Mrs. Maurice Power in San Francisco.

BAD CHECK MAN CAUGHT

Sheriff Petray and His Deputy Joe Ryan Close In On Escaping Culprit Near This Place.

Sheriff Jim Petray got on the trail of a bad check artist Thursday who had fled from Sebastopol in a jitney and was heading this way for Sacramento The sheriff made up his mind to get on the trail of the culprit and after communicating with his efficient deputy Joe Ryan was convinced the capture would be effected. Ryan did not disappoint his chief for after getting the tip that the much wanted man was bound for Sacramento in a jitney he had hired in Sebastopol, he went out on the road near the Stornetti ranch and there he took up his stand to await his quarry. If the litney came either by Petaluma or through this valley, on its way to Sacramento, Ryan knew that it must pass Stornetti's. In due course of time the Sebastopol car with its passenger, Mr. Collins, the alleged check man, was halted and the fleeing circulator of bad paper taken into custody. Collins was entrenched in the back seat nicely done up in robes but gave himself up without protest and was transfered to the deputy sheriff's machine and later to the car of Sheriff Petray whom Ryan met near town still on the trail of his man.

The prisoner is said to have circulated a lot of spurious paper and is a much wanted man. He is said to have sprung one of his checks on a local resort for dinner and drinks just before he ran into the arms of our eagle eyed deputy sheriff.

He was taken to the County jail by Sheriff Petray.

Mrs. H. J. Wicker and Mrs. Carrie Burlingame enjoyed a trip to San Francisco this week.

Miss Florence Murphy attended the symphony concert in S. F. where she spent the last week end.

"My Country 'Tis of Thee, Sweet Land of Liberty."

Where Labor Has a Valid Protest

THERE has been wide comment on the "No Beer, No Work" slogan which has been adopted by Eastern Building Councils of the Central Federated Union of New York. The protest against prohibition of the "bone dry" variety which will deprive workers of their right to chose their beverage after July first is spreading like wild fire, and labor at last has a valid excuse for rising up enmasse, for here the interference with personal liberty is such a drastic measure and infringement on the rights of those supposed to enjoy the blessed fruits of democracy that this grievance has a merit in per se which many of labor's past dissatisfactions seemed to lack. When the law reaches out its strong arm and strikes the glass of beer or wine from the lips of a thirsty, hard working individual (not just the drunken one) who is a unit in the backbone and home of the nation, takes his right to chose for himself from under his very nose, (not necessarily a red one) it is little wonder that the people who are doing the work of the country and carrying on the strenuous brawn demanding part of the industrial life of the U. S. A., should become aroused and give voice to protest. The Central Federated Union makes a concise and conservative statement of its point of view in the following letter:

"Bone-dry prohibition has been enacted into law without the consent of the governed. Legislatures have voted without consulting their constituents, and in at least three instances where the people have by vote declared against prohibition—California, Indiana, Massachusetts—the lawmakers have deliberately cast aside public opinion and the demands of the people and sustained the bone-dry amendment.

"The enforcement of prohibition means that hundreds of thousands of wage-earners will be discharged from employemnt and cast upon an overcrowded labor market. Statistics recently compiled show an enormous army of unemployed, which is increasing daily.

"Aside from this very serious aspect, the enactment of a law that a majority does not want and had no say in formulating, the infrigement upon the individual liberty of American citizenship, a minority dictating the mode of life and guaranteed freedom, is a dangerous procedure, and if accepted without drastic protest may lead to even more damaging curtailments of American personal rights.

"The same powers and elements who worked so persistently to enact this great wrong are busily engaged in proposing legislation to prohibit the use of tobacco in any form. All these laws are primarily aimed at the working class.....

"The Central Federated Union of Greater New York and vicinity desires to place this issue squarely before every member of your union and request his free and unbiased declaration to the proposal, 'That if the bone-dry prohibition is really enforced on July 1, 1919, to then cease work until this law is annuled.'

"Your union is urged to discuss this immediately, and officially report your decision, if possible, within two weeks."

Aside from the fundamental principals at stake embodied in the above, there is no question but that the conditions which may obtain under a "dry" regime wherein thousands of toilers are deprived of their social relaxation now provided by the glass of wine at dinner or the bottle of beer, may be more of a menace than the evil prohibitionists would stamp out. The danger lurking in the high strung individual who is working under a tension and is dissatisfied, because he is tired and suffering from nerves, is not to be disregarded. In such a frame of mind he is easily made the dupe of fanaticism. Temporary rebellion now put to flight by the pleasing relaxation of a glass of light wine or beer, will, if we banish the latter, lead to a dangerous social canker in the rank and file of those working under high pressure and menacing environments. Who will deny that Bolshevism is far more of a menace than vodka? In order to keep their followers at a white heat of frenzy, the Bolshevieki are making drunkness a crime punishable by death. The I. W. W. are open foes of drink of any kind, explaining that it makes men too easy going and that capital can lead them and impose on them.

The psychological side of this question is not to be ignored, for those who earn their living by the sweat of their brow, not only should have a say about what goes into that sweat, but every citizen should be concerned about the state of mind prohibition will create in our workers. They will be backed up in their protest by those who suffer through confiscation of their property and those whose judgment will never permit them to coincide with the "dry" reasoning process. The combination will be a formidable one when it comes to making the new order of things stick.

****

English Doubts Of Prohibition

Little Aid to the prohibition movement in England has been given by the Established Church, and it will be remembered that when the King turned down his wine-glass early in the war as an example to the people, several bishops declined to follow his lead. Yet prohibition forces there hail the success of the amendment here as augury of a like triumph with them. "There is joy in the office of the United Kingdom Alliance," reports "The Church Times (London). This organ of the Church of England admits that "the forces of prohibition have won the most exciting victory, not altogether unexpected, but passing expectation, in the United States of America," yet it ventures to surmise that "the victory may be found more embarrassing than defeat." More than that, it does not hesitate "to bring the accusation of folly." These are based upon the ground of the inherent difficulties in the way of imposing the prohibition upon unwilling States and communities. "The Church Times" makes an elaborate explanation to its readers of the means and methods by which the Constitution of the United States can be amended; after which it dilates on the "folly," as it sees it, of this particular amendment:

"But do not accuse the American people. The Dean of Durham is overenthusiastic when he calls the Constitutional Amendment 'the free choice of a free people.' It is the work of the political machines which control both Congress and State legislatures, and which are themselves put in motion by ardent and efficient organizations of fanatical opinion. The enforcement of the law will involve intolerable interference with personal liberty, domiciliary visits, scrutiny of domestic operations, supervision of the dinner-table, and exploration of store-cupboards which a free people will not long endure. Englishmen certainly would not, and eager prohibitionists had better reckon with that in time. There will probably be object lessons to be learned from America. We do not dispute the excellent results of prohibition which are adduced from some districts of the United States. But prohibition has there been adopted by the active goodwill of the population. It will be another matter when it is forced on an unwilling people, determined to resist or evade the law. We do not doubt that prohibition would produce some good results, lending themselves to statistical exploitation, in any country or any district where the population regards it with favor. What other results it may produce, even there, is another question. We have little doubt that bad results will heavily overbalance the good wherever it is forced upon a reluctant people."

When The Red nose goes out of the window, the red flag will come in at the door.

FARM BUREAU MATTERS

The Annual meeting of the Sonoma County Farm Bureau was held at the Santa Rosa High School Annex on Wednesday, Feb. 26, 1919. There were about 80 members present at the morning business session and over 300 at the afternoon address by Dean Thomas F. Hunt of the College of Agriculture of the University of California.

At the morning business session President Sheridan W. Baker addressed the meeting briefly on the future program of work for the Farm Bureau pointing out that future work will be on a peace basis rather than on a "win the war" basis, as it has been during the past. The Farm Bureau centers will now turn their attention to matters of local and community importance rather than to the larger nation-wide problems of increasing food production.

Mr. John R. Denman, director-at-large from Penngrove, addressed the meeting on the subject of Farm Bureau accomplishements during the past year. Mr. Denman cited the work of the Farm Bureau in increasing the wheat acreage of the county. He also spoke of the results of the Farm Bureau pork production campaign, stating that weekly shipments of pork have been made regularly from Petaluma this year, a thing that has never been possible in previous years.

Mr. C. J. Evans, a poultry expert of the U. S. Department of Agriculture, who has been detailed for work in Sonoma County, spoke briefly on the work in poultry improvement that he expects to do in cooperation with the Farm Bureau.

Mr. W. B. Hopkins, manager of the Cooperative Creamery at Petaluma addressed the members on behalf of the Dairymens Association, refering to proposed legislation on the manufacture and sale of oleomargarine and butter substitutes. He opposed the passage of Assembly Bill No. 14, which is ostensibely directed toward fraud and deception in the manufacture and sale of oleomargarine but is alleged to be deceptive. He recommended the passage of the measure which has for its object the forbidding of the purchase of oleomargarine by State Institutions. After a thorough discussion, the meeting adopted resolutions asking our State legislators to support Senate Bill No. 459 and to oppose Assembly Bill No. 14.

Mr. C. A. Bodwell of Lakeville spoke on the dairy interests of Sonoma County and suggested the sending of a delegate to the meeting of the California Dairymens Association held in Sacramento on Monday, March 3rd. Mr. J. R. Gallagher, of Bodega was chosen to attend this meeting.

Mr. Frank P. Doyle, director-at-large from Santa Rosa, spoke on the proposed highway bond issue, mentioning in detail the roads to be improved by the placing of permanent highways. The report of the Senior Highway Engineer, Wm. H. Lynch was approved in its entirety and a resolution was adopted in which the Farm Bureau indorsed the bond issue based on the present assessed valuation of Sonoma County which would be a maximum of $1,600,000. The Supervisors were urged to hasten the program to a successful completion at the earliest dossible date.

Director B. M. Reidsma of the Porter Creek Center reported for the legislative committee on certain bills which had been presented to the State Legislature that directly affected agricultural interests. This report favored the passage of Senate Bill No. 319, referring to the establishment of decidious experiment stations; Senate bill No. 70 referring to the pure seed law; Senate Bill No. 556 referring to the appropriation for Farm Adviser work.

The Secrteary-Treasurer submitted his annual report for the year showing total receipts of $1123.25, total expenditures of $763.22, leaving a balance on hand of $403.03.

Election of officers for the coming year resulted in the unanimous reelection of President Sheridan W. Baker. John R. Denman of Petaluma was unanimously elected Vice-president. Four Directors-at-large chostn were Frank P. Doyle, of Santa Rosa, J. R. Gallagher of Bodega, W. H. McCutchan of Healdsburg, and John L. Peters of Petaluma.

At the afternoon meeting, Prof. B. H. Cocheron, State Leader of Farm Advisers spoke briefly on Farm Bureau accomplishments and stated that if the Senate passed the Agricultural Appropriation bill as passed by the House which reduced the budget for Farm Advisor work recommended by Secretary Houston by about $3,000,000 and the amount spent this year by about $4,000,000, Farm Adviser work would stop in Sonoma County on July 1st of this year (as well as many other counties of California.

Dean Thomas F. Hunt of the College of Agriculture of the University of California, gave an inspiring and masterly address on agricultural conditions in Europe, and backed up his statements with lantern slides showing actual existing conditions. He laid particular stress on the vast problems of reconstruction and showed how they would affect the farmers of this country and of California in particular.

PURCHASE STORE AT BUENA VISTA

Mrs. E. Guyot of Buena Vista has sold her store to C. L. Lindsay & Co. of Portland, Oregon. Buena Vista will now have a regular mercantile establishment as the new purchasers plan many improvements and new departmtnts.

That Go-cart can be repaired at the Sonoma Machine Works, Spain Street.

GLEN ELLEN CLUBDOM

The women of the Improvement club of Glen Ellen had the Jack London Memorial on the 28th inst.

There was a large and interested gathering. There was a short business session after which the program was given and enjoyed. Miss E Small sang three numbers beautifully and received many conggratulations on her delightful rendering of the songs. Mrs. Rochambeau's review of "Martin Eden" was splendid and very instructive.

Mrs. Parent's paper about "Jack London in His Home" was very entertaining and true to character.

The ladies would like to avail themselves of this occasion to thank Mrs. Elizabeth Campbell for the poem, dedicated to their Memorial, it was greatly enjoyed.

Mrs. Cromwell read Edna Cooper's poems with her usual expression and skill. Mr. Proffen's paper on the Russian view of Mr. London's writings was very interesting.

Mr. Johnson paid a fine tribute to the dead author. The social time and the refreshments were fully appreciated.

March 14th, the Club will have its business meeting at which, at tht suggestion of Mrs. George Bailey of Kenwood, "Child's Welfare" will be taken up and discussed, also Social Service will be considered and papers read on the subject. All members and visitors are invited to come and join in the work.

Club Reporter.

A CHILD'S PARTY

Lillis Eveline, the two year old daughter of Mr. and Mrs. R. E. Puett of the Lehrke tract, celebrated her birthday last Saturday afternoon.

Green, yellow and white were the colors carried out in the decorative features and a merry crowd of little folks spent the time very pleaschaperoned the little ones on a pleasantly playing games anl enjoying a delicious spread. After the "eats", Mrs. Samuel Doney and Mrs. Puett chaperoned the little ones on a pleasant joy ride which they greatly enjoyed.

SOCIAL ACTIVITIES

On Friday, March seventh, a dance was held at the Womans Club House for the students, alumni, patrons of the High School and their invited guests. An entertainment accompanied the dance and the following interesting program was arranged:

1. A Musical Reading ..... Francis Thompson
"The Spirit of 76."
2. A Reading, ... Arsene Chauvet
"Sockery Setting The Hen"
3. Song, ... Boys Glee Club
"The Long, Long Trail"
4. A Musicdl Reading, ... Minnie Harrison
'When We Haven't Said Our Prayers'
5. A Negro Comedy, ... "Hungry" ... Tobias, Tom Palmer ..... Mose, Haster Ring
6. Songs, ... Girls Glee Club
"Barcarolle"
"Mighty Lak' a Rose"

B. L. Pierce of Eureka has taken a position with Tony Francheski of the De Luxe Barber shop. Mr. and Mrs. Pierce will reside at the Gilbert home on First St. West.

Mrs. R. H. Ring has returned home after an extended trip to Illinois. She brought with her two little nieces, half orphans, and will give them a home at the fine ranch which was recently purchased by the Rings and was formerly known as the Lyding or Capt. Johnson place.

L. M. Channel and Mary S. Farquar of Glen Ellen took out a marriage license to wed last week in Santa Rosa.

The detour on the "Home" property is a good place to get stuck in the mud as some of our fair motorists will attest.

GLEN ELLEN MAN IS ROBBED

Roland Reed, a resident of Glen Ellen, told the police of Napa Sunday night that he had been held up and robbed that evening a short distance below Soscol, according to the Napa Journal. He said he was going to Vallejo from Napa in his auto, and that near Napa Junction two men asked him for a ride, and he took them in his machine.

When near the Greenwood place the men pulled a pistol on Reed and demanded his valuables. When he resisted they struck him over the head with the gun, cutting him deeply. He said they took his watch and chain and stick pin, and his grip, and then left him. He then drove to Napa.

Erhardt Steiger is now the proud possessor of a fine artesian well which borer Ed. Johannsen struck after going down 76 feet. A 1½ inch stream comes out of the 8 inch casing a foot over the surface of the ground and the fine stream will be utilized by Mr. Steiger for irrigation purposes.

The Ladies Aid Society of the M. E. Church will meet at the home of Mrs. DeSart, on lower Broadway, on Thursday, March 13, to be entertained by Mrs. DeSart and Mrs. Palmer. They would like to have their many members and friends present.

Mrs. Will Cummings has been down from Eureka on a visit to relatives. Her train was four hours late on account of slides and she reports the mountains up north capped with snow.

THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is from Justus Wardell, Collector of Internal Revenue, San Francisco, Cal., who is collecting the Income Tax in California. Collector Wardell is giving without charge every aid of his office and his enlarged field force to help the people get their payments and their returns in by March 15th.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging $19.25 a week during 1918 and every married couple who jointly received income averaging $38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of $1,000 or over and every married person whose net income was $2,000 or over (including the income of husband or wife, and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages, or compensation for personal service of whatever kind and in whatever form paid, or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends, or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless, and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property, or any expense of restoring property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first $4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of $5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding $5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of $1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

★★★★★★★★★★★★★★★★★★
★ INCOME TAX PAYS FOR PUBLIC BENEFITS. ★
★ "Viewed in its largest and truest sense, the payment of taxes is payment for benefits received or expected. Only from a narrow and essentially selfish and shortsighted viewpoint can the individual propose to himself the evasion of tax liability as a desirable course of action." —Daniel C. Roper, Commissioner of Internal Revenue. ★

THE HIGH SCHOOL'S NEW PAPER

The first issue of the "Moon Valley Reveille," published by the students of the High School, made it's appearance Tuesday and was given a hearty welcome. It is a breezy little publication and sets forth in entertainging fashion the "doings" of the student body. It gives an excellent insight into the aims and ambitions of the school itself and will keep its patrons well posted on the educational growth being made in the school.

Athletics, organizations such as the English Club, Glee Club, Dramatics and the Political Club wherein excellent training in parlimentary procedure is to be feature,, are reviewed in the "Reveille."

The new editorial staff is as follows: Editor-in-chief, Frank Cornwall; News Editor, Louise Anderson; Business Manager, Laura Wickhm; Assistant Managers, Don Cameron, Steve Duhring, Norma Jansen, Recording Secretary, Arsene Chauvet, Manager of the mechanical department, Harold Prestwood of the Index- Tribune.

"The Moon Valley Reveille" supercedes "The Golden Bear," the student annual, and is expected to be of more current value to the school and the students.

CHAS. TRIBUNO OF WINE FIRM LEAVING FOR EUROPE ON BUSINESS.

Chas. D. Tribuno, of Tribuno & Garrish, Inc., growers and purchasers of choice California wines, import and export, is leaving for Europe this week. Mr. Tribuno had hoped to come to Sonma valley before taking his departure but more urgent business prevented him from doing so.

Th offer of his firm to pay $14.30 per ton for the next ten years for wine grapes is creating much interest and inquiry. That Mr. Tribuno's present trip to Europe may have something to do with the proposed new industry is likely. Says the Cloverdale Reveille in regard to the offer to grape growers made by Penelli-Minetti for Tribuno & Garrish last week:

"There's a glimmer of sunlight ahead for Mendocino county grape growers if a proposition made them at a meeting held at Ukiah, when A. Penelli-Minetti, representing the wine firm of Tribuno & Garrish, which among other wineries has been operating the Gobbi property in the Ukiah valley. Minetti offers to contract the grape crop of that vicinity for a period of ten years, paying for the same on a basis of 65 cents per degree of sugar, which would amount to $14.30 per ton for grapes reaching 22 per cent sugar, which is the degree of sugar content the grapes usually reach and which the wineries demand.

Just what Tribuno and Garrish plan doing with the grapes is not divulged, but the Ukiah Press says that Minetti hints that it means a new industry for Mendocino's county seat and that if he is successful in making contracts an $80.000 plant will be installed. He says that most of the machinery for the proposed plant would come from Europe and that if installed, it would provide employment for a large number of men.

Why there should be such secrecy in the Tribuno and Garrish plan is hard to understand by some of the grape growers who, while not in the Ukiah territory, are nevertheless interested in any proposition that gives promise of a market that prohibitionists are sanguine they have killed, as far as the manufacture of wine is concerned. They do not believe it is for the manufacture of grape juice, for the reason there can never be more than a limited market for that product, which is largely made from Concord grapes in the east, and California wine grapes are not suited to the purpose. There is nothing yet to the grape syrup theory so strongly urged by prohibitionists during the last campaign that would justify taking a long chance in attempting to launch that article on the market in competition with other syrups.

Just what Tribuno and Garrish contemplate is being kept quiet as yet but the standing of the firm is a guarantee of their good faith and carries with it great encouragement for our grape growers.

Mr. and Mrs. Carl Nielson are the parents of a little baby girl born last week. Mrs. Nielson was formerly Miss Joy McDonald of Sebastopol. Mr. Nielson the proud daddy is a railroad man.

FORDS ARRIVE BY THE CARLOAD

Busby & Coates, Local Agents, Are Selling 'Em Like Hot Cakes.

Nothing could better attest the good judgement, thrift and prosperity of Sonoma Valley than the arrival of a car load of Fords at the local agency this week and the fact that Busby & Coates, the Sonoma distributors, have sold many of them and expect to close deals on the entire lot very shortly. There are runabouts, touring cars and trucks in the lot and all found ready sale. In fact since the fare on motor cars was raised at the conclusion of the war, demand has been keen and the local agency has only been waiting for the opportunity to get a carload in order to swell the number of local motorists. One Ford has been sold to P. Marioni, another to Max Soley and a truck to the Spreckels ranch. Other sales are almost closed.

Mr. Busby was in San Francisco Tuesday to receive the new members of the Ford family and usher them into Sonoma society. As some of their friends remarked recently, "Say, Busby & Coates are regular bear-cats for sales," whereupon the listener remarked, "right, but you forget the Ford is a 'bear' when it comes to negotiating the road." All of which is true.

FISK WINS DESERVED PROMOTION AS MASTER ENGINEER IN ALSACE-LORRAINE

Arthur Fisk, who was recommended for promotion by Capt. Slator of his company to the chief engineer of the division has been made Master Engineer over in Alsace-Lorraine. His promotion took effect January 24th. Arthur went over with the engineers and has gained valuable military and railroad experience by which he has profited. Efficiency, sobriety and concentrating attention to detail won for him deserved recognition and he is now yardmaster in charge of a big receiving yard near Leffol le Grande which is an important railroad point since the war.

Arthur Fiske was on the S. P. and left the service of the company to join the colors. His wife and baby have been making Sonoma their home while the young American railroad man has been helping win the war. It is conceded that Germany realized that they couldn't stop the American railroad men when they began to pile up supplies.

Fiske has sent home a Lorraine cross emblem which is his division's insignia "over there."

David Hatton, who has been sojourning at his summer home home, went back to San Francisco Monday.

Superintendent Joe Keechler of the Jones ranch was in San Francisco last Monday.

Mrs. Howe has been visiting at the home of her brother, Mr. L. S. Simmons.

Mr. and Mrs. H. Fuller were guests at the Schell home last Saturday. Mrs. Fuller was formerly Eva Church.

Now is the time to have that engine overhauled at the Sonoma Machine Works.

Everett Schumacher of Napa has been over on a visit to his aunt, Mrs. Frank McGill.

We repair anything, charges reasonable, at the Sonoma Machine Works. Rear of Adlers.

Now is the time to renew your subsubscription.

SONOMA RAISES PRIZE FIGHTERS AND PRIZE TOMATOES

"Louis Parente is laughing so heartily that you can hear him clear across the street.

Here's the cause of Louis' good nature and hilarity:

Benny Wagner, the Sacramento promoter, told him that he met "Spider" Roach. "Say", asked the "Spider," "why don't you put me on your next card? I know Govesnor Stephens and a lot of other guys in Sacramento." "All right," said Wagner, "I'll put you on with Joe White.

"Nothing doing," said Roach; "he's a tough, fast guy. When you hit him it's just like hitting a board."

What do you know about that?

And a lot of persons were telling Louis that Joe White is no champion.

—S. F. Call.

The above item refers to Joe White of El Verano, who when he is not putting some guy over the ropes in the arena, is champion tomato grower and farmer of this valley.

Sonoma valley raises prize fighters as well as prize tomatoes and White, who is a protege of Louis Parente, is the real guy on both. In fact there is such phenom wonder connection between the prize fighter and the prize tomatoes he raises, that it is whispered that Luther Burbank is going to come down and get the dope for some scientific investigation. The popular fighter who met Harry Eagles at the Coliseum in a classy bout Tuesday night, admits that harvesting and hauling tomatoes is the best training a fighting man can have. Joe did his own hauling in his auto truck last season to the Sebastiani cannery and got some "kale" for his crop too.

Louis Parente who owns the earth which Joe White tills, is now manager of Fred Fulton and Fulton comes up occasionally too and enjoys the El Verano ozone.

Joseph Sorini, the prominent wine and fruit buyer, was in San Francisco Monday on business. Mr. Sorini has been making large shipments of wine to the East.

VINEBURG

August Figone and son, Earnest, of SanFrancisco, motored to Vineburg last Saturday and were the guests of Mr. and Mrs. John Batto.

Our local contractor, Henry Forni, is now engaged in building a 3000 gallon tank house and making other extensive improvements on the property of Mr. Oatwalter at Buena Vista.

Coal to burn in this vicinity. Size up the pile at Batto'sSpur and more coming.

Mrs. Chas. McDevitt, of Sonoma, was the guest of her sisters, the Mrs. Fred Batto and Miss Adele Anderson on Thursday.

Supervisor Harry Weise paid us a visit last Saturday exchanging greetings with his many friends here.

James Thomas, one of our best known young men returned to Vineburg Monday after a three months stay in San Jose.

Frank Rhode of the Vineburg Hatchery will ship about 25,000 baby chicks to different states this side of the Rockies as he has done for some years past and will start about April first..

His Honor, the Mayor of the Bear Flag city, Chas. Dal Poggetto, was a visitor in this vicinity on Tuesday. Sonoma's popular citizen is always popular around here.

CLUB ENDORSES HIGHWAY PROJECT AS A MEMORIAL TO "OUR BOYS"

The Sonoma Valley Womans Club went on record yesterday for a Victory highway as the memorial of Sonoma County to our boys who participated in the recent war.

The club endorse the coming bond proposition for the building of the highway in Sonoma County and took up the suggestion that the new road be known as the Victory highway and that all club women boost for the project.

ST. PATRICK'S SOCIAL WILL FOLLOW MEETING

A St. Patrick's social will follow the brilliant meeting at the O. E. S. next Thursday night when many visitors from Napa, Petaluma and Santa Rosa will be present to see the work of the local lodge exemplified There will be a program, appropriate favors and decorations and a fine time so the members are anticipating the night with great interest and a big crowd is expected to be present. Worthy Matron Burmester is arrang ing the evening and has promised many clever features.

EASTERN STARS VISIT PETALUMA

A very enjoyable trip was made to Petaluma Wednesday night by a number of Eastern Star members. Valley of the Moon chapter was represented by Mr. and Mrs. Charles Potter, Miss M. Goodman, Mr. and Mrs. Stillings, Mrs. Geo. Breitenbach, Mrs. Jessen, Mr. and Mrs. Burmester, Mr. and Mrs. Cone, Miss N. McConochie, Clyde Johannsen, Mrs. Ed. Johannsen, Miss Edda Johannsen, Mrs. McAllister and Mrs. Chas Cutter. They highly complimented the Petaluma lodge on its fine work.

Arthur Drake has been up in Calistoga, doing some work for the California Telephone & Light Co.

"GLORIFY OLD DRUNKS" SAYS "DRY" SPEAKER

Declaring in his interesting talk to a small audience here on prohibition Thursday night, that the old drunkard must be glorified for the coming of the wondrous reform of a "dry" country, Dr. Ira Landrith recited how the spectacle of the drunkard had rung the death knell of booze and was making possible a "dry" world. About 25 people gathered in the womans clubhouse to hear Dr. Landrith, whose style of delivery, anecdotes and subtile wit, held the audience's close attention as he arraigned the saloon.

As representative of the Anti-Saloon League, he confined his attack to that end of the liquor crusade and ventured to say that since liquor was a dead issue, he would speak no bad word of the dead. While setting forth that one-third of the revenue of the U. S. A. had been met by the liquor traffic before the war, the speaker offered no suggestion as to how the deficit was to be met, with the elimination of the "wet" industries. He declared we owed protection and the elimination of temptation from the patlis of our soldier boys and paid high tribute to the boys who never went across, but whose potential presence in army camps here, stopped the Kaiser after getting a sample of the American fighting man "over there."

Dr. Landrith predicted national suffrage for women and urged them all to vote. A person who does not vote is a slacker, he declared. He predicted that the Republicans would be the next party of power.

NATIVE DAUGHTERS DANCE MARCH 17th.

Much interest is being evinced in the dance to be given on St. Patricks Night by Sonoma's Native Daughters appropriate decorations and fine music will make it an event in social circles. Many former soldiers and sailors have been invited and will be admitted complimentary. Gladys Simmons will be floor manager and will see to it that everyone has a good time.

SCHOOL ELECTION SOON

The last Friday in the month, Mar. 28, is the date of the school election and all candidates must declare their intentions and send in names 5 days prior to that date in order to be on the ballot. Messrs Hill and Ranker of the High School Board are the two trustees whose terms expire this time.

The Editor is in receipt of a handsome post card from Sonoma's progressive business man Sam Sebastiani who was in New York on his annual business trip. Mr. Sebastiani very appropriately chose a St. Patrick's day emblem for the month of March and his friend Murphy. He has received the Index-Tribune at his hotel there and enjoys the news from his old home town.

Mr. Sebastiani returned home Wednesday night after a successful trip.

MET WITH AN ACCIDENT

Congressman Clarence F. Lea had a very narrow escape from serious injury, if not death in Washington, D. C., recently, according to news which has just been receivved by friends.

Mr. Lea uses his auto in getting about Washington and on the occasion mentioned had driven into one of the large garages of that city which use several floors of the building. He drove on the elevator, as directed, to be lowered to another floor.

The elevator had no more than started when something about the mechanism broke and the elevator, automobile and driver were precipitated into the basement, bringing up at the bottom with a shock which resulted in considerable damage and rahter psuet the Santa Rosa Congressman.

Mr. Lea was somewhat dazed and badly shaken up by the fall and for a time it was believed he had been seriously inujried. A thorough examination and a rest, however showed that he had escaped with but anything more serious than a severe shaking up and nervous shock which upsettled for the day.

Ed Peterson and Al Groskopf, who are in the same Division in France, expect to sail for the good old U. S. A. about Mar. 12th.

Lou Darling, formerly of this place but now of Randolph, New York, recently lost his mother. She passed away on the 18th of January

Wm. Daly of San Francisco was in town several days last week looking after his business interests here.

Miss Alma Bill is another popular young lady who was making the trip daily to Napa with the glove workers.

Jack Canevari and his fiancee spent Sunday here at the Canevari home.

Prof. Cole, who returned from a conference of District Agricultural Clubs of the State, reports Sonoma High School third on the list for efficiency in farm work.

At a reception to the new president, Lulu V. Emparan, on Friday night March 21st Womans Club mem bers will be permitted to invite their husbands or a gentleman friend. Cards and dancing will be the order of the evening. Mrs. W. B. Hays is in charge of the program.

Mrs. Simon of Monterey has been here on a visit to her sister, Mrs. Paul Robin, prior to taking her departure for China, where her husband will engage in business.

NOTICE TO THE PUBLIC

The undersigned, G. Harrington and James Monahan have bought out the business known as Caliente Villa, from Leslie Brisbin and will conduct the same in the future. We will not be responsible for any bills contracted on or before this date, Feb. 21, 1919.

Signed:
G. Harrington
James Monahan

NOTICE OF HEARING OF APPLICATION FOR LIQUOR LICENSE

Notice is hereby given by the Board of Supervisors of Sonoma County that a hearing of the application of D. Damonte for a retail liquor license at the Bocca Hotel, near Glen Ellen, will be held in the rooms of the said Board, in the Court House ,at the City of Santa Rosa, on Wednesday, March 12th., 1919, at 10:30 o'clock A. M.

And all persons interested in said matter are hereby notified to be present at said hearing and show cause, if any they have why said license should not be granted.

Dated at the City of Santa Rosa, this February 17th., 1919.

By order of the Board of Supervisors of Sonoma County.

Attest: W. W. Felt Jr.,
Clerk.

Beginning Sunday morning, March 16th at 10:30, Mass, A Mission will be given by the Rev. Father Sullivan, S. J. Services and sermon every evening at 8:00 until Sunday 23rd.

T. P. MORAN.

LINDLEY'S BROTHER, ONE OF GALLANT HEROES BACK HOME

Percy Lindley, a brother of Ed. Lindley of the Sonoma Feed Store is home from France after gallant participation in the battle of Argonne forest and the Meuse. He went over the top five times, was wounded by shrapnel, saw men killed all around him and with his squad captured 35 Germans. Mr. Lindley contemplates a visit to his brother very soon.

Miss Millie Richards of the Agua Caliente hotel gave a most enjoyable card party to a number of friends Wednesday evening. The score cards prizes and eats were all pronounced very classy. Mr. Al. Fingers of this place was one of the lucky prize winners.
